Share & access

Create and send shareable links on the go. Access files instantly, even offline.

Mobile Features

Backup device photos and videos

Secure photos and videos with an automatic backup from your mobile device.

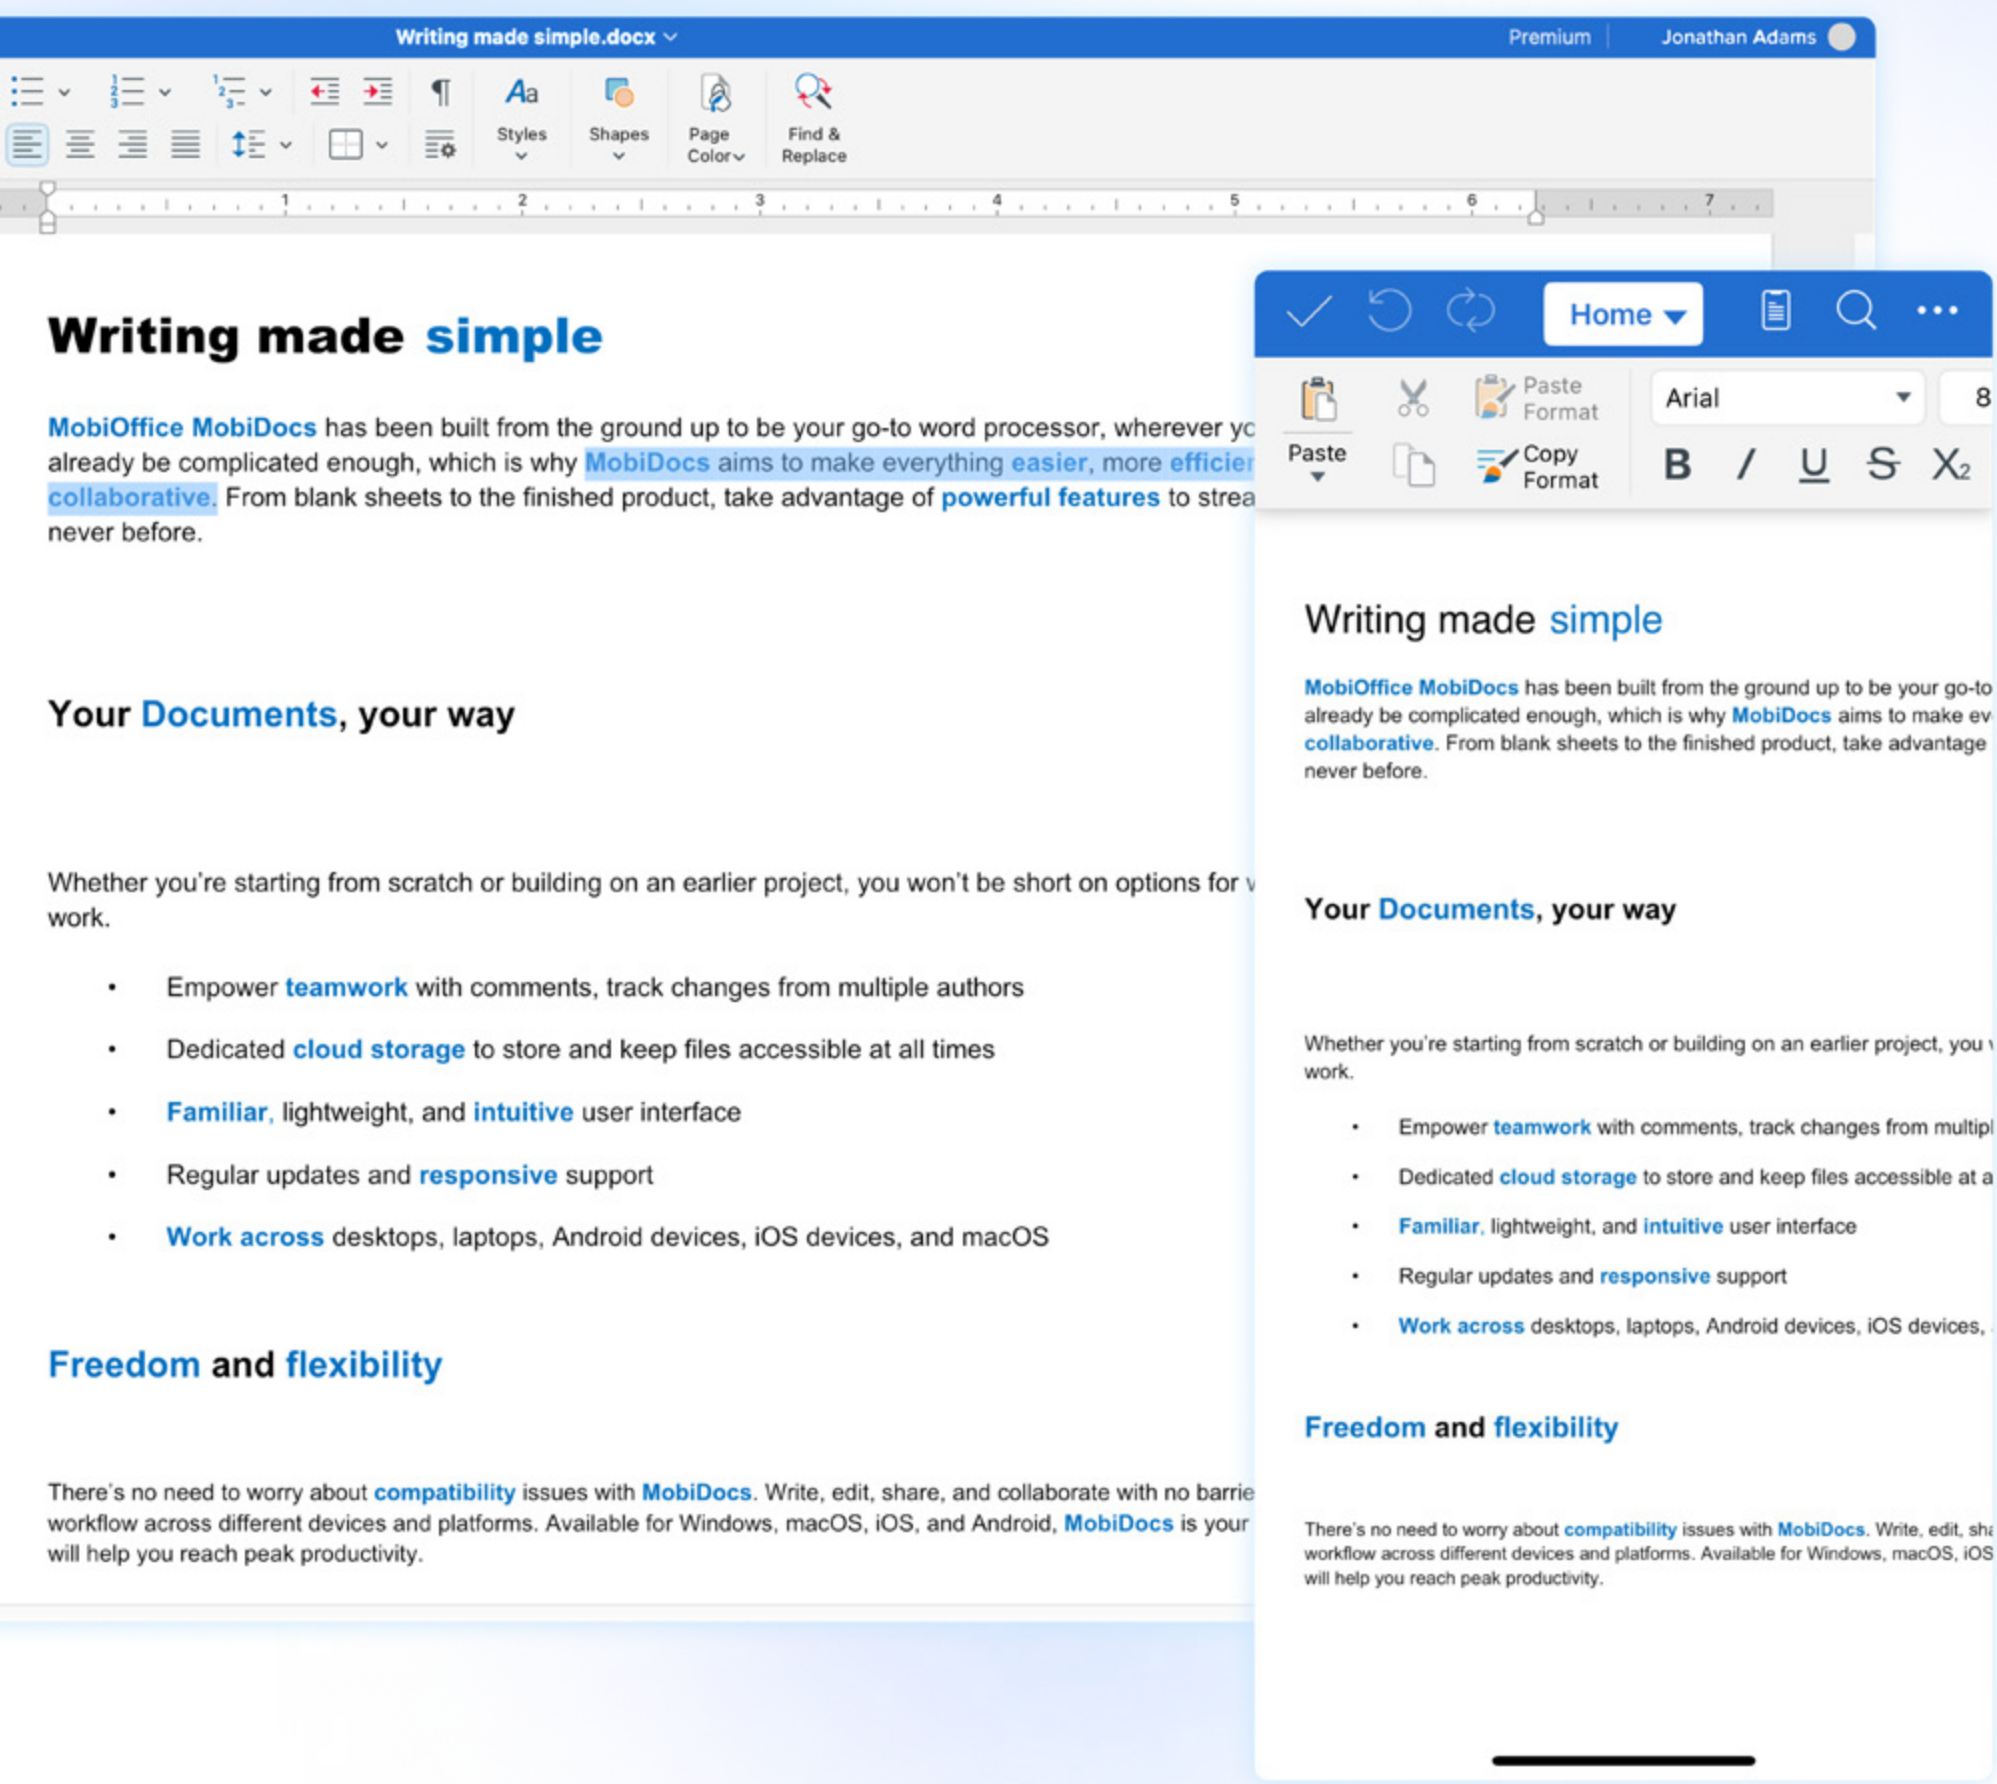

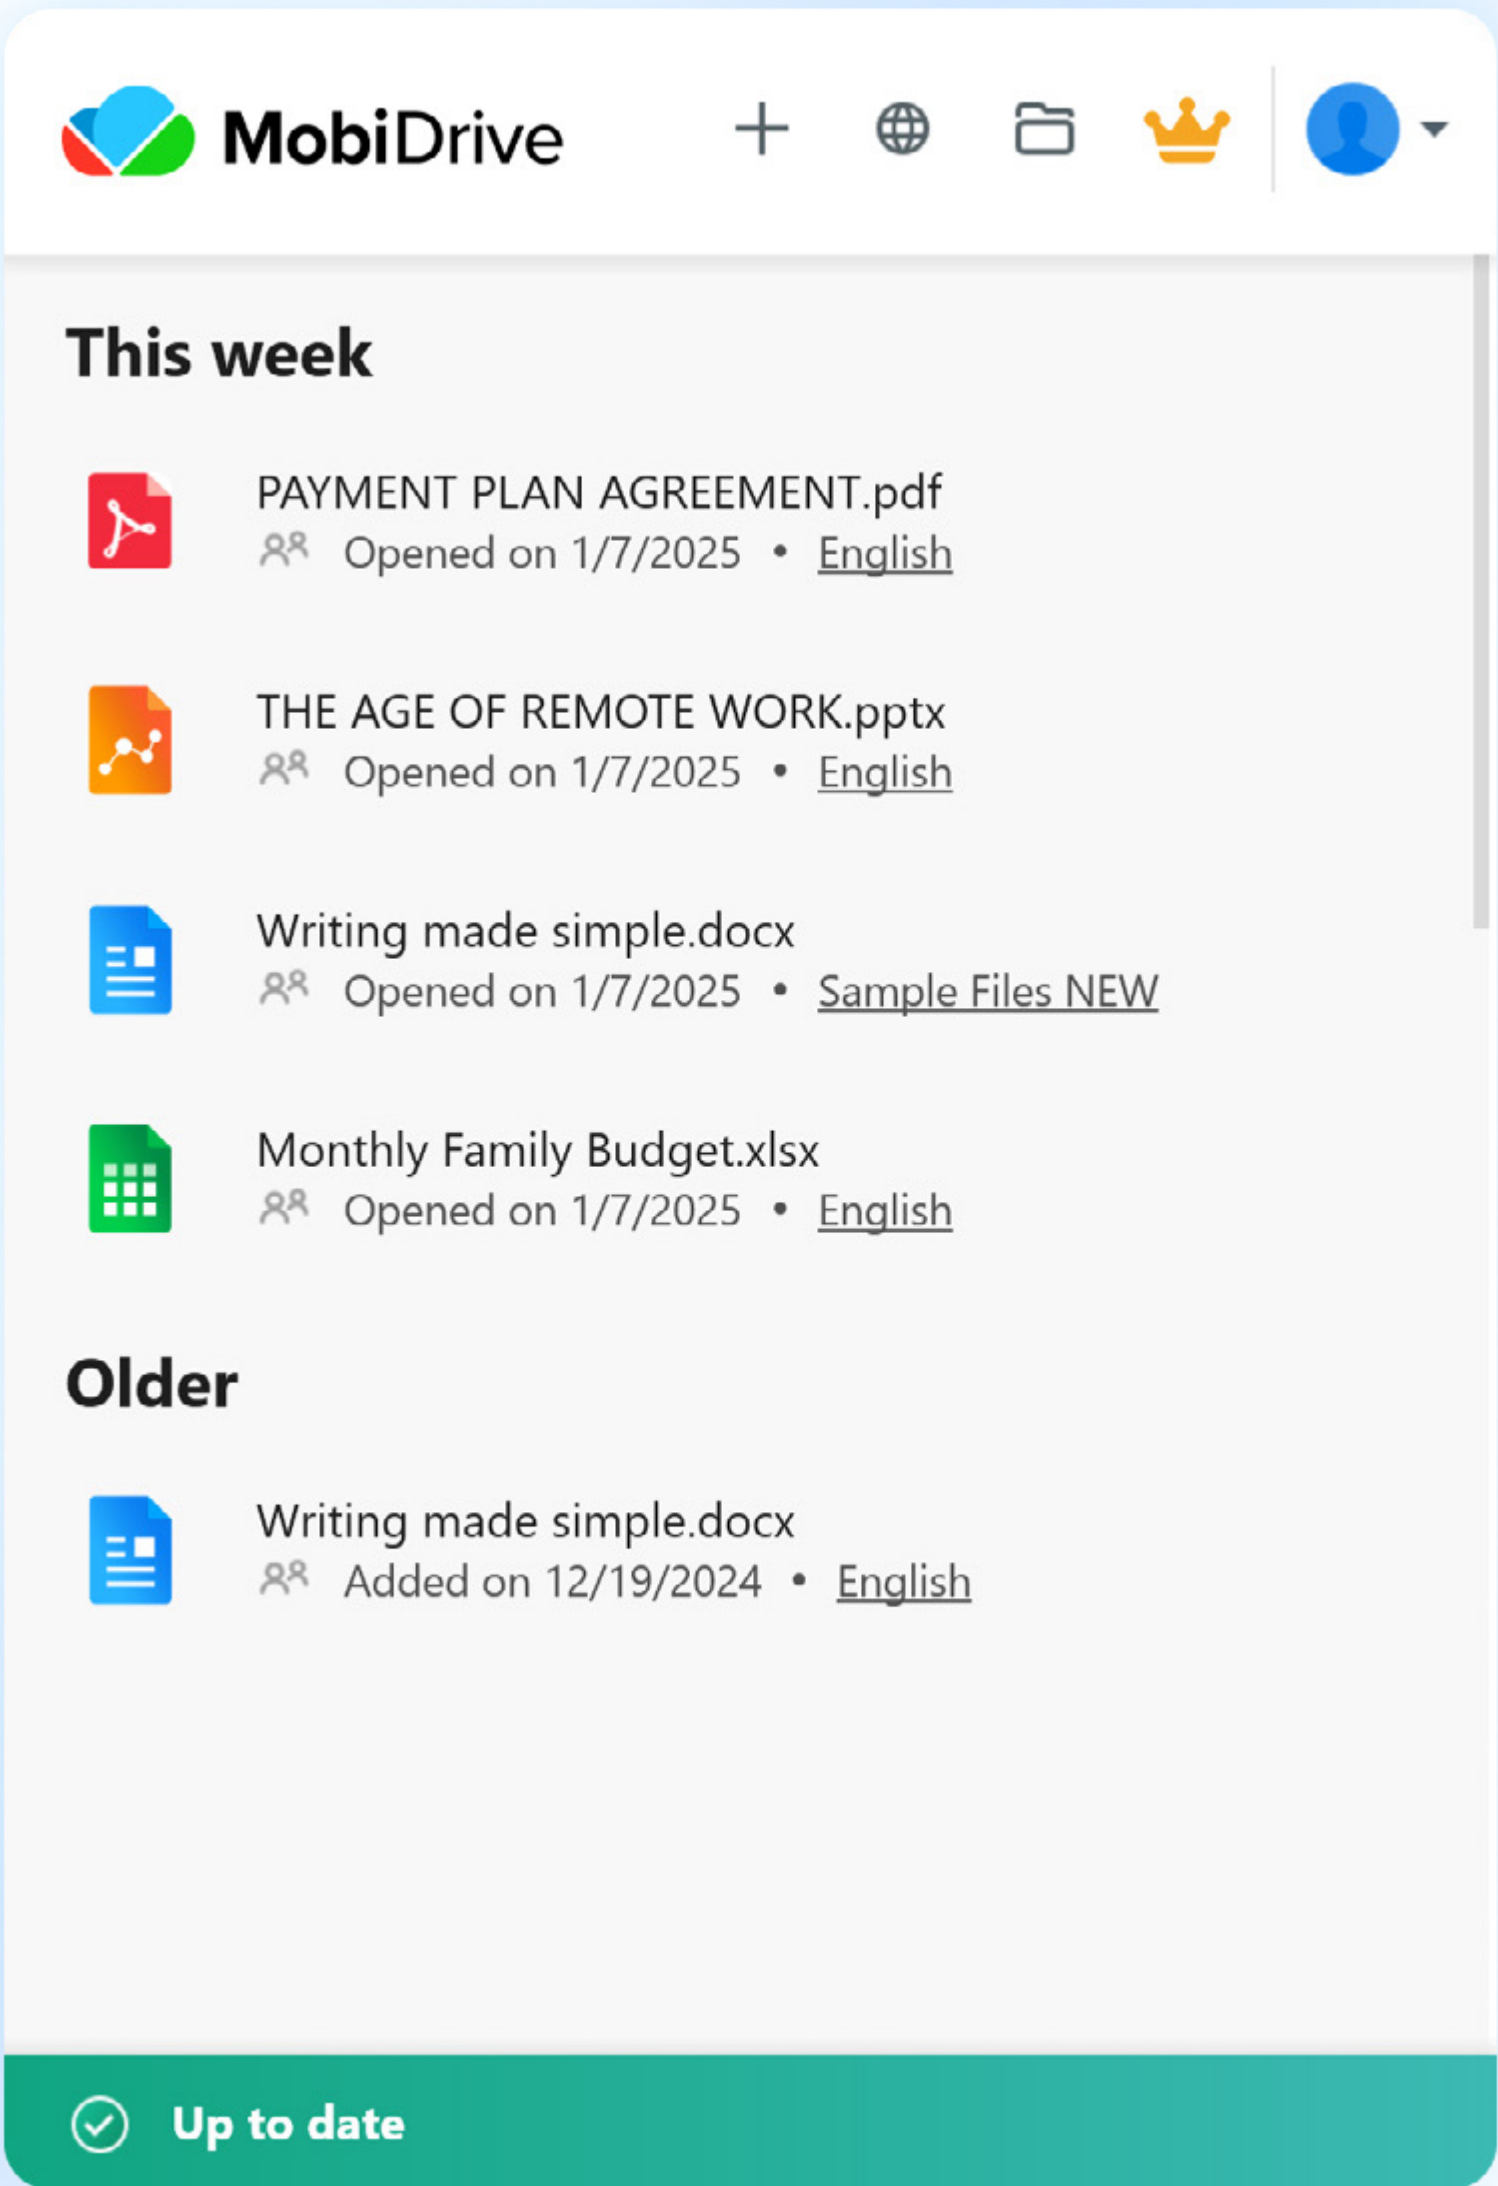

Convert

Turn a PDF into a Document, a video into an audio file - it's all seamless with the premium Convert option for mobile devices, with a range of 1200+ formats.

Experience even more features after you go Premium.

Sync seamlessly with your Windows PC

Speed up your work and sync your content with a local folder on your Windows PC. Access your recent files with the handy MobiDrive widget - just one click away in your taskbar.

Combine MobiDrive & MobiOffice

Upgrade to a Premium account with 2000 GB combined with the MobiOffice pack for better performance. Create and edit office files with MobiOffice. Securely store and share them via MobiDrive.
